IV. Logging in as a Referrer

There will be referrer accounts (only be used in the registration period) in the registration system, which are allocated by the organizing committee to the domestic colleges/universities or international co-organizers that apply. After successfully logging in as a referrer, if the team leader filled out the exact full name of the college/university or international co-organizer that recommended his/her project, the referrers will be able to view the details of the international teams and projects recommended by themselves.

Each domestic college/university or international co-organizer is only allowed to apply for one referrer account, and must file the details of the account user with the organizing committee. In order to improve the regulation and supervision of the use of the referrer account and guarantee the information security of the entries, each domestic college/university should designate a person in charge to join the QQ Group (Group No. 735116750) for the recommending affairs of The 7th China International College Students' "Internet +" Innovation and Entrepreneurship Competition. The application and allocation plan of referrer accounts will be released in the above-mentioned QQ Group later. The international co-organizer should contact PILC directly to apply for the referrer account.

Referrers should log in to the account via the following webpage:

<https://www.pilcchina.org/submissions>

The screenshot shows the login page for referrers on the PILC website. The page has a dark blue background with colorful abstract graphics. At the top, there is a navigation bar with links for "2021 Competition Invitation", "Previous Competitions", "News", "FAQ", "About PILC", and "Partnership". A "中文" (Chinese) button is located in the top right corner. The main heading is "Log in as a referrer". Below the heading, there is a message: "You must log in as a referrer from a school to see the submissions. If this is the first time visiting here, or if you forgot your password, [click here](#) to set your password." The login form includes an "Email" field, a "Password" field, and a "Remember me" checkbox. A red "Log in" button is positioned at the bottom center of the form.
